Understanding TEC Territories vs TEC Verticals

Within TEC Group, we organize our business in two distinct ways to ensure the right expertise is applied in the right place:

TEC Territories : Geographic Coverage

TEC Sales
Connecting Manufacturers to Customers with Faith & Integrity

TX, NM, OK, AR, LA, MS

Power Source
Connecting Manufacturers to Customers with Faith & Integrity

FL, AL, GA, TN, MS

CALTEC Sales
Connecting Manufacturers to Customers with Faith & Integrity

CA, NV, UT, AZ

TEC Verticals : Industry / Subject-Matter

TEC Ex
Connecting Manufacturers to Customers with Faith & Integrity

Hazardous Area & EPCs

TEC Power
Connecting Manufacturers to Customers with Faith & Integrity

MV & HV Power Distribution

TEC Renewables
Connecting Manufacturers to Customers with Faith & Integrity

Renewable Energy & Infrastructure

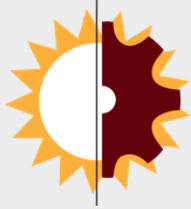

TEC Velocity
Connecting Manufacturers to Customers with Faith & Integrity

Commercial and Construction

Territories assign geographic responsibility | Verticals align subject-matter expertise
Together, they ensure proper coverage, technical accuracy, and strategic growth.

Example: A West Texas Industrial facility expansion for a **hazardous environment**
