

# ***TEC Group***

*Connecting Manufacturers to Customers with Faith & Integrity*

***CALTEC***

***TEC Sales***

***Power Source***

## ***Understanding TEC Territories vs TEC Verticals***

Within TEC Group, we organize our business in two distinct ways to ensure the right expertise is applied in the right place:

***TEC Territories*** : Geographic Coverage

**TEC Sales**  
Connecting Manufacturers to Customers with Faith & Integrity

TX, NM, OK, AR, LA, MS

**Power Source**  
Connecting Manufacturers to Customers with Faith & Integrity

FL, AL, GA, TN, MS

**CALTEC Sales**  
Connecting Manufacturers to Customers with Faith & Integrity

CA, NV, UT, AZ

***TEC Verticals*** : Industry / Subject-Matter

**TEC Ex**  
Connecting Manufacturers to Customers with Faith & Integrity

Hazardous Area & EPCs

**TEC Power**  
Connecting Manufacturers to Customers with Faith & Integrity

MV & HV Power Distribution

**TEC Renewables**  
Connecting Manufacturers to Customers with Faith & Integrity

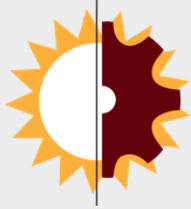

Renewable Energy & Infrastructure

**TEC Velocity**  
Connecting Manufacturers to Customers with Faith & Integrity

Commercial and Construction

Territories assign geographic responsibility | Verticals align subject-matter expertise  
Together, they ensure proper coverage, technical accuracy, and strategic growth.

Example: A West Texas Industrial facility expansion for a **hazardous environment**  
TEC Sales & TEC Ex

# TEC Sales

Connecting Manufacturers to Customers with Faith & Integrity

- Sales Office
- Stocking Location
  - Ammo
  - G-Strut
  - Hammond
  - Havells
  - Jefferson
  - Reliance
